Dance Supplement - Holiday Centres Tariff

THIS TARIFF IS EFFECTIVE FROM 01-AUG-25 TO 31-JUL-26

NOTES:

For the public performance of sound recordings at specially organised dance events and ballroom, sequence/old time competitions & classes. Discotheques & DJ presentations continue to be charged separately using the SFE tariff 399.

This tariff is only to be used for holiday centres and not for individual dance clubs who should continue to be charged using tariff 023.

This tariff is to be used in conjunction with tariff 088 in order to identify the type of record use licensed under the tariff and for PPL's internal statistical information.

The premises covered by this tariff are generally of a seasonal nature and the level of licence fees charged take this factor into account. Accordingly, no pro rata reduction should be made for seasonal use.

This fee is a supplementary fee charged in addition to other fees charged at a holiday centre. The fee is dependent upon the number of beds at the centre.

If a holiday centre has background music the 'background music - holiday camps & centres' tariff is used to determine the fees.

You should provide the date you started playing recorded music to enable us to calculate the start period for your licence.
