

FIREWORK DISPLAYS AND OUTDOOR LIGHT SHOWS

1. Scope of the tariff

- 1.1 Subject to paragraph 2, this tariff applies to **Qualifying Performances*** of *PRS for Music* repertoire immediately before, during and immediately following a Qualifying Light Display*.

2. Exclusions

- 2.1 This tariff does not apply to the performance of *PRS for Music* repertoire
- 2.1.1 At any outdoor **Light Display*** on or before 14th Aug 2022 ;
- 2.1.2 at any Light Display during which there is no **Qualifying Performance**;
- 2.1.3 at any outdoor Light Display at a **live music event***;
- 2.1.4 at a '**son et lumière**' production for which the music has been specially written;
- 2.1.5 by or on behalf of any independent traders such as bars, food outlets and fairgrounds at a Qualifying Light Display which performance shall be licensed under the applicable PRS for Music tariff and/or, in the case of a performance under 2.1.4, by the copyright owner.

3. Royalty rates

- 3.1 The royalty rates referred to in paragraphs 3.3 and 4 ("Standard Royalty") are effective from 15th August 2023 to 14th August 2024 .
- 3.2 All royalties will be charged at the Standard Royalty rate in force:

at the beginning of the Licence Year, or (where the Customer has obtained a Permit (single event)-Licence in respect of the Qualifying Light Display, on the date on which that event takes place. VAT will be applied.

3.3 Standard Royalty rates payable

The Standard Royalty charge per Qualifying Performance for the first 100 persons **Display Capacity*** is £14.72
and for each 100 persons **Display capacity** (or part thereof) thereafter is £14.72

Calculation Example: Display capacity 2,000 = 20 blocks of 100 x £14.72 = £294.40

Calculation Example: Display capacity 647 = 7 blocks of 100 x £14.72 = £103.04

4. Minimum Royalty

The minimum Standard royalty applicable per Qualifying Performance shall be the equivalent of the published rate of 100 capacity or part thereof (£14.72) when the licence is issued as a permit.

A minimum Standard royalty of £54.50 per year applies when any Qualifying Performance(s) form part of an annual licence

5. Higher Royalty

When the performance of music takes place before a *PRS for Music* licence is obtained, the higher royalty rate (calculated at 50% more than the Standard Royalty rate) is used for the first Qualifying Performance after the grant of the Licence or, where relevant, the issue of the Permit-Licence, as the case may be.

6. Inflation

- 6.1 Royalty rates and monetary values set out in this tariff will be adjusted by inflation on 1st August each year. We will use the Consumer Price Index (CPI (H) from the previous March, to set these adjustments (to the nearest whole %).
