# Information about this pack

From transforming a **hall into a concert** or a **field into a festival**, music is a great way of bringing people together to raise money for worthy causes.

At PPL PRS we want music to be accessible to all, which is why we offer charity and community groups the opportunity to apply for a discount on the cost of their licence, in return for advertising the support of PPL PRS and **TheMusicLicence** at the event.

The content provided in this pack can be used across your advertising and marketing when promoting PPL PRS and **TheMusicLicence** at your charity event.

# What we do

PPL PRS are here to ensure that the people who create music are fairly rewarded for their talent and work.

PPL PRS is a joint venture between the UK's two music licensing organisations – PPL and *PRS for Music*. We are here to provide a streamlined music licensing service – **TheMusicLicence** – with a single point of contact to make it easier to legally play and perform music in public.

If you play or perform music in your business or organisation in the UK, you will usually need **TheMusicLicence**. **TheMusicLicence** from PPL PRS allows you to legally play or perform music in your business through the radio, TV, other digital devices & live performances.

After our business costs, music licence fees are distributed to all those involved in making music via our parent companies PPL and *PRS for Music*. This means that those people who write, perform, compose, record or publish music are fairly paid for their work.
